

CAPACITY AVAILABILITY AT GREECE-ITALY INTERCONNECTION

December 19th, 2015

With reference to the notice published on November 3rd 2015 concerning the unavailability of the link between Italy and Greece, TERNΑ and ADMIE inform market participants that the works needed to repair the cable will be completed according to schedule.

Therefore, the NTC will be restored at 500 MW starting from 0:00 of December 22nd. Consequently the first daily auction will be held on December 21st (delivery day December 22nd).

Moreover TERNΑ and ADMIE inform market participants that the allocation will be carried out on a daily basis till the end of January 2016.

Any further information referred to this notice will be promptly communicated by TERNΑ and ADMIE.
